Exhibitions/ Exposicion

At the end of the semesters, students complete a presentation to show in front of family, peers, mentors, teachers, and community partners. In their exhibition, they explain their essential question, and how it related to their internship that they have partook in for the semester. The main idea is for the students to connect their real world applications to their content courses/programs offered through New Village, all while answering their Essential Question.

Al final de cada semestre, los estudiantes completan una presentación para mostrar frente a la familia, compañeros, mentores, maestros y socios de la comunidad. En su exposición, explican su pregunta esencial y cómo se relaciona con su pasantía en la que han participado durante el semestre.
